

IMAS, L.L.C.

[Provider of internationally acclaimed municipal government software solutions with 13 years of experience](#)

Here's what your Connecticut colleagues have to say about IMAS, LLC:

"I absolutely love my new system! It's so easy to work with and the support I receive from IMAS is wonderful. No more waiting for someone to call me back, IMAS is always ready to help me as soon as I call. I have been getting a lot of positive comments from title searchers, especially with the printing of the grantor/grantee indices and the in-house printing. I wish I went with IMAS sooner." Lynne A. Skinner, Bozrah, CT

"IMAS has brought me technology I thought I could never afford! ...With the savings (cost per month) I was able to increase my assistant clerk's budget line, giving me more hours of help." Betty J. Hilbrecht, Hartland, CT

"I'm using Windows instead of MS-DOS, YEAH!! ... The computer prints the documents instead of having to take apart the books. The books aren't handled... Having an inquiry computer has been a huge upgrade, especially for a small town." Jody Pearl, Chaplin, CT

"I am really happy with the grantor/grantee indices. We've been able to index, scan, print our books and are current within 24 hours after receipt. We're returning documents within 1 to 2 days, a vast improvement from 2 to 3 weeks or more. We no longer make extra copies to send out for security filming. We complete a land records book and create two CDs, one for converting to film for permanent storage and one for our permanent in-house file."

Ann E. Carr, Morris, CT

"Receiving a document, indexing and having the pages ready for the land records book in the same day is amazing! ... I am looking forward to setting up the search station and moving into the next phase." Anne Moses, Norfolk, CT
